## DESERT SHEEP HERDERS.

**Their Lonely, Dreary Life Tends to Drive Them Crazy.**

Do you realize what it means to watch 5,000 sheep alone in the desert? You have read weird, grewsome stories of the horror of the solitary lighthouse keeper's life, but compared to the days of the Mexican shepherd those of the average keeper of the light are filled with gayety and noise. Even with their one or two dogs the shepherds often go insane, and were it not for the company of their shaggy collies the lunacy among them would rise to an almost incredible percentage, if we are to believe those who have followed the sheep in the desert and therefore may be supposed to know.

Once in old Santa Fe, N. M., I met a man who for twelve years had followed the sheep. His work was done. All day long he sat in a chair in the rear of a little dobe store, crouched over, gibbering to himself, bleating—an idiot. He still saw his sheep swaying like a great white wave among the sagebrush, and ever in his ears sounded the killing monotone of their bleats. One boy, though fifteen years of age, is mentally no further advanced than the average child of five. His father is a shepherd, his mother died when he was four years old, and his father took him out upon the range. All his life has been spent among the sheep. He is one with them today.

How is it possible, then, you ask, that men are to be found willing to watch them? It is very easy. Sheep herding is a lazy job at best, and the "greaser" is the laziest creature on earth. For $20 a month he is willing to sit in the sand and listen to the never ending bleating until the little mind he has gives way and they fetch him in from the range insane. He is glad to take the chance for $20 a month.

The greaser is not the only shepherd in the west. On the vast ranges of Nevada and Wyoming you may run across an occasional college man tending the sheep. Once, indeed, a college professor, ill of consumption, undertook to follow 5,000 bleaters for the summer. In autumn they found him insane, on his hands and knees among the sheep, bleating with them. Day after day his eyes behold only a brilliant turquoise sky, in which hangs a sun of brass; an ocean sweep of sage flecked sand and a slowly moving, compact mass of sheep. His ears hear no sound save the steady "Baa, baa!" day and night, affecting him as the Chinese criminal of ancient days was affected by the regular tap, tap of a hidden drum.

And yet so long as the desert continues to provide food for the "bleaters" so long will shepherds go mad among the flocks, and for ten years the desert's greatest value to man has been the food it has offered the sheep, nor yet is the store depleted.—Pilgrim.

**Their Only Chance.**

A party of soldiers was taken to the shooting range for the first time.

The men first fired at a target 500 yards away, and not one hit it. They were next tried at a target 200 yards away, and still every one missed. They were at last tried at one just 100 yards away, but no one hit it.

"Attention!" thundered the drill sergeant. "Fix bayonets! Charge! It's your only chance!"—Kansas City Independent.

The Better Way

The tissues of the throat are inflamed and irritated; you cough, and there is more irritation—more coughing. You take a cough mixture and it eases the irritation—for a while. You take

SCOTT'S EMULSION

and it *cures the cold.* That's what is necessary. It soothes the throat because it reduces the irritation; cures the cold because it drives out the inflammation; builds up the weakened tissues because it nourishes them back to their natural strength. That's how Scott's Emulsion deals with a sore throat, a cough, a cold, or bronchitis.

The Greatest American Two-Cylinder Touring Car Ever Sold

FOR $1550.00

This car is superior, in design and speed, to many of the best two-cylinder cars built in 1904—cars which sold for from $2500 to $3000.

20-H. P. Oldsmobile Touring Car

This is the latest Oldsmobile creation—a 20-H. P. two-cylinder touring car with side entrance. Double opposed motor 5½ x 6, 90-inch wheel base, noise of exhaust completely eliminated. It combines comfort with speed, hill-climbing ability and plenty of surplus power.

It is roomy and comfortable. Its distributed weight and long spring action permit 5 to 10 miles per hour increased speed over rough country roads with comfort and this ease of spring saves tire expense and general wear and tear.

It is very easily controlled and is quick in action. It runs on high speed up to 40 miles an hour. This machine is very popular in San Francisco as it has the power to take heavy grades on high speed. This space is too limited to give full description; the whole story is told, however, when we say "There is no other $1550.00 machine of its class to equal it." Let us prove this to you.

Don't forget that our French Type Runabout at $800.00 (F. O. B. San Francisco) has no equal. Our Olds Curve Dash ($700.00) is a standard "Office on Wheels"; Our Tonneau ($1,050.00) is a good slow speed family car. Altogether we have twelve types of machines. OLDSMOBILES run the year through and run for years. The wear and tear expense is $1.00 to $5.00 for other makes.

Our WINTON Four-Cylinder Touring Cars have all cars of their class "driven to the tall timber"—4 Models, 16 to 50 H. P. $1950 to $4650

## MORE RAILROAD TALK.

Much is being said in the San Jose and San Francisco newspapers about electric railroads. Redwood City gains mention in each article, but as yet we see nothing in the way of electric cars coming into this city. The San Jose Mercury of this week stated the following:

"O. A. Hale, of the Interurban system between San Jose and Los Gatos and Saratoga, says that line will soon be extended north to Palo Alto. This system is a Southern Pacific adjunct. The Palo Alto extension is intended to head off the San Mateo, Palo Alto and San Jose electric project of A. T. DeForrest, W. F. Hanrahan and other people of this city. The latter project will connect with the United Railroads line to San Mateo."

## THE DRINK BILL.

According to the Burea of Statistics the American people last year spent $1,500,000,000 in round numbers for spirituous, vinous, and malt liquors. This is $18 per capita of population for every man, woman and child, or about $92 annually for each head of a family of five.

These figures are appalling when we stop to think that so much was spent upon a commodity which is not only useless but harmful to the constitutional and social welfare of the race.

It is seven times the amount spent annually for the running of our public school system in the United States, almost three times the annual expenditure of the national government, and equal to three-fourths the national debt of the United States.

## LAW GOVERNING THE SALE OF DRUGS.

The State Board of Pharmacy desires to call the attention of the general merchandise stores to the following law passed by the Legislature:

Sec. 16. The board of pharmacy may in its discretion issue a permit to general dealers in rural districts, in which the conditions, in their judgment, do not justify the employment of a registered pharmacist, and where the store of such general dealer is not less than five miles distant from the store of the registered pharmacist; which said permit shall authorize the person or firm named therein to sell such ordinary drugs and ordinary household remedies and in such manner and form, as the board may from time to time specify, in said district but not elsewhere, under such regulations and restrictions as said board may from time to time adopt. The board shall charge an annual fee of $12, in advance, for such permit, and it shall be unlawful for any dealer to sell any drugs or ordinary household remedies, without complying with the requirements of this section.

The automobile has come to stay, and, being a representative of industrial progress, must be treated with consideration by all municipal and State governments. It would be as sensible to throw impediments in the way of electric street car development as to try to suppress the use of motor cars. The plain duty of commissioners and all such officials is to treat motorists just as they do drivers of horses. Let them be given access to all roads, and let every man who violates speed regulations be punished, as the law provides.

The State Commission for the selection and purchase of a University farm will began to visit lands offered as a site on the 18th of the month. The Santa Clara Valley has locations.

Apricots will be the only full crop of fruit in Santa Clara county this year. Cherries and prunes are on the retiring line.

There is a decline in foreign imports with the increase in foreign immigration. We are now getting the pauper labor of Europe instead of its product. In consequence there is a deficit in the treasury and an overplus of undesirable aliens.

Dr. Washington Gladden says what this country wants is more religion in the ordinary affairs of life. Yes, indeed; more of the kind of religion which teaches men to refrain taking advantage of the ignorance, credulity and necessities of their neighbors.

An expert reports that the valuation of the street railways of Chicago is $50,000,000. This must refer to the sponge before it is distended with about six times its weight in water.

As a serial sensation Nan Patterson is a long way ahead of her noted forerunner, Billy. The public would enjoy a rest from the puzzle that three juries could not untangle.

The modern bullet will pierce the carcasses of three horses in succession at 350 yards. It has never been tried on the steak served in some hotels.

Mr. Carnegie is to give $10,000,000 to played-out professors. Strange that so able a financier should donate an amount so grossly inadequate.

A Vassar girl, Miss Belding, '07, threw a baseball 185 feet 7½ inches Saturday last. This indicates an ability to keep the hens out of the garden patch.

It is stated that the Japanese government does not take the people of the nation into its confidence. It just take them into the army and navy.

"How can the masses be reached?" inquires Secretary Shaw. Any Redwood City merchant would tell him to advertise in the Times-Gazette.

Indiana claims to be the exact center of the United States. Probably the claimant means that it is the center from which all the historical novels radiate.

There are Americans with sufficient enthusiasm to believe that the battleship Oregon can whip the combined fleets of Togo and Rojestvensky.

Still the absorbing question remains unanswered. What was the hand Senator Shortridge beat when he won that marked fifty?

A city that stands by the laws is in no danger of losing any of the vital elements that go to make up a good reputation.

Frank Granger took the Stanford rowing shell up to San Francisco yesterday on his launch and saw it put safely on board the steamer for Seattle, where the Stanford boat crew will go to race with the University of Washington rowing crew.

Miss Van Reynegom, violiniste, has established a class for instrdction at Redwood City. For particulars as to terms, etc., apply to Miss Cook at the Postoffice or address Miss Van Reynegom, 750 Church street, San Francisco.

Miss Nellie Leroux of Cloverdale, cousin of Henry Mourot of this city, will become the bride of Chief Deputy Recorder W. W. Felt Jr. of Santa Rosa, early next month. Chas. H. Eckhart, station agent at this place, was awarded a gold medal Tuesday by the Southern Pacific Company for the most perfect office on the system. The recognition comes as a reward for keeping the depot in first-class condition and the books and accounts in a neat and accurate manner. Mr. Eckhart has been receiving the congratulations of all his friends since the presentation of the medal, which was certainly bestowed upon the right party.

Miss Alice O'Connor, only daughter of Mr. and Mrs. John O'Connor, was united in marriage Sunday to Albert Lowe, son of Mr. and Mrs. J. L. Lowe of this city. The wedding was solemnized by Rev. Father Conlan of Mount Carmel Catholic church. The young couple then left on a wedding trip of a couple of weeks. Mrs. Lowe is one of the most popular young ladies of Redwood, where she has passed her entire life. Mr. Lowe is in the artesian well-boring business with his father and is a very successful young man.

The stereopticon lecture given by the California Promotion Committee in the Alhambra Thursday evening was well attended by an appreciative audience. F. H. Thorpe opened the exercises with a short talk of what could be done if concentrated action were undertaken by the citizens of the town. He suggested that a good live promotion society be formed and for that purpose asked that the citizens be at the town hall next Tuesday evening to take steps toward such an organization. J. W. Erwin was then introduced and for nearly two hours described the beautiful pictures which were thrown upon the screen. Few in the audience had ever before realized that they lived in a land of such marvelous beauty as was shown them. Paul Shoup of San Jose, who was present, addressed a few words to the assemblage, pointing out the advantages which could be obtained by advertising our community. He told of other towns which had spent money in this way and showed their wonderful advancement as a result of this expenditure. As a result of the meeting Redwood City should take a new start and work up a live committee. The people of the town should stand by this committee with the substantial support needed. Redwood City certainly has fine locations for homes and manufacturing sites and the water and rail facilities are not equaled by any other city outside of San Francisco.

Mrs. Willard Drown did not accompany her mother and sister, but is at Portola Hall, the Preston country place at Woodside, where she will remain during the summer.

The young men of Woodside will give a dance in Independence hall Saturday evening, May 27th. Good music has been engaged for the occasion and a gay time is assured all who may attend. Bring your best girl, or some other fellow's best girl, and dance the two-step to the tune of "A Bit of Blarney."

Few women realize how handsome other women really are.

### Detective Bell's Catch.

Coronor James Crowe received from San Gregorio this week, through the courtesy of Detective Dick Bell of the San Francisco Police Department, one of the finest baskets of trout that has been seen here for some years. Sixty-five speckled beauties ranging in length from nine to eleven inches, made up the basket, and while the detective endeavored to impress the Coroner with the fact that his skill, coupled with the rod and line with which he whipped the San Gregorio, was responsible for the dainty dinner which Mr. Crowe subsequently enjoyed, he was forced to admit that Mrs. Becky Bell, whose fame and prowess with the rod and line is well known, enticed the shy trout from the dark pools and riffles of the San Gregorio Creek.

### Fallon Annual Account.

Mrs. Carmel Fallon through her attorney Congressman Kahn, had her twelfth annual account as guardian of Fred A. Fallon, an incompetent person, settled as presented in the Superior Court Thursday. The account shows that at the last annual statement there was $34,195.34 on hand. The income this year was $2,990.27—double that of last year. In April, 1904, the guardian purchased property on Cole and Oak street from which a niee revenue was received. Mrs. Fallon's ward receives the sum of $65 a month. The balance on hand is $37,-185.11. Judge Buck allowed the attorneys for Mrs. Fallon, Coogan and Kahn, the sum of $50.

### Chatham-Mansfield Case.

The Chatham-Mansfield election contest case was taken up for argument in the Court of Appeals on Thursday. The plaintiff and his attorney was given a surprise when Garrett McEnerney appeared as attorney for Mansfield. He is easily the leader of the San Francisco bar and his appearance in the case at the last moment would indicate the weakness of the defendant's suit. McEnerney argued several technical points that were not brought out during the trial of the case in the Superior Court. Mr. Ross answered the argument with much force and ability and he feels confident that a decision will shortly be rendered for his client.

### At Bankers' Convention.

L. P. Behrens, cashier of the First National Bank, is absent from his post of duty, attending the convention of the California Bankers' Association, which convened at Oakland. Mr. Behrens has for the past four years served as one of the executive officers of the convention, a distinction that falls to but few interior bankers, and the bank's stockholders, as well as our people, should feel proud that they have one among them who is held in such high favor by the bankers of California.

### One Year at Folsom.

Wm. Klein, who entered the saloon of Mr. Corbett's at San Mateo some time ago and purloined $50, plead guilty in the Superior Court Tuesday and was sentenced to serve one year at Folsom. He stated to the Court that he had been drinking and was not responsible for the crime. Klein did not have the appearance of a criminal and his frank statement and plea for mercy brought him judicial clemency. It was stated by the District Attorney that there were no prior convictions against the prisoner.

## DEATH OF H. M. JEWELL.

### After an Illness of Two Years He Dies of Paralysis.

Henry Martin Jewell, one of the oldest residents of this county, passed away at his home in this city yesterday morning, after an illness of two years with paralysis. Mr. Jewell was born in Guilford, Chenango county, N. Y., May 5, 1829. He left New York on May 20, 1852, for California, arriving in San Francisco on June 26th. The late James Stalter was also a passenger on the same boat, and the two young men formed a friendship that continued throughout their long lives. Mr. Jewell went immediately to the mines, where he remained a short time, returning to San Francisco.

In 1853 Mr. Jewell came to San Mateo county and bought a large ranch on the coast side. In 1863 he was appointed Deputy U. S. Marshal for this district and served in that capacity during the war. In 1882 with his wife, who survives him, Mr. Jewell moved to Redwood City, and made his home here ever since. He was a brother-in-law of the late Hon. T. G. Phelps, Mr. Phelps having many years ago married Mr. Jewell's sister, who died shortly after the marriage. Mr. Jewell leaves one brother in San Francisco and one in Guilford, three nieces in Philadelphia and two nephews in Boston. His family was the pioneer family of Guilford, N. Y. having settled there in 1714. His remains will be shipped to Guilford for burial in the family plot, on 12:34 train to-morrow. The funeral services will be held at his late residence, under the auspices of Bay View Lodge, I. O. O. F. Rev. F. H. Maar will officiate.

The death of Mr. Jewell takes from our midst one of the most respected of our old timers. He was a man of sterling worth and his friends all over the county mourn his loss.

### Sudden Death of Chris Beck.

Chris Beck, one of the oldest and most respected citizens of this county, died suddenly at his home in East Greenwood Thursday morning. Apparently he was in good health and started for his front gate to get the mail, when he was taken with pains about the heart and expired almost immediately.

Mr. Beck came to this county in the early 60s and for many years farmed at Woodside. Lately he came to Redwood City. Deceased was a native of Denmark, aged 59 years.

The funeral will take place from the late residence of Mr. Beck at East Greenwood at 2 p. m. to-morrow. There will be short services at the house before the remains are removed. Interment will be in Union cemetery. Deceased leaves a wife and stepdaughter to mourn him.

# DIED WITHOUT A WARNING.

## Frank M. Granger Passes Away on His Launch Satellite.

### As Tax Collector of San Mateo County He Performed His Duties Satisfactorily.

Tax Collector Frank M. Granger is dead. The people of this city were shocked yesterday afternoon when the news of his sudden death reached here. His popularity was shown in the deep sorrow expressed by all for his untimely end. Early yesterday morning, accompaned by Sanger Pullman, Constable Cronk and Harry Lovie, he left on his launch Satellite for San Francisco, intending to return to-day. After passing San Mateo beach he entered the cabin and laid down on a bunker. He was spoken to just off Hunter's Point, and as he did not answer his companions looked into the cabin and found him dead. The remains were shortly taken charge of by the coroner of San Francisco and were forwarded to this city late last evening. Mrs. Granger is prostrated by the shock and refuses to be consoled. Mr. Granger's accounts are in fine shape, he having settled with the Auditor last Monday. The office was closed yesterday afternoon. Mr. Granger was serving his third term as Tax Collector. He was one of the best officials the county has ever had.

Frank M. Granger was a genial and popular public servant, who discharged his large responsibility in a peaceful and thoroughly satisfactory manner, engendering the utmost good feeling of property owners and those with whom his official duties called him in contact. He was a native of DeKalb county, Ill., and was born April 5, 1858, his father, Samuel, having been born in New York state and from there removed to Illinois. The family came to California in 1865, locating near Hollister, San Benito county, and afterward came to Half-moon Bay.

Frank M. Granger obtained his start in life on his father's farm. In 1892 he came to Redwood City. With A. Eikerenkotter he purchased the John Solen livery stable on A street. In 1906 Mr. Granger was elected Tax Collector and held the position continuosly thereafter. He was very popular in his adopted town and was identified with numerous fraternal and other organizations. He was a past grand of the Independent Order of Odd Fellows, and a past sachem of the order of Red Men.

After coming to this county Mr. Granger married Elizabeth King, a daughter of Frank King a large landowner in the vicinity of Redwood City. Two children have been born of this union, Minard and Frank. An aged father is left to mourn Mr. Granger's demise, also a brother, Eugene, who resides in Sonoma county, and a sister, Cora, the wife of A. Smith of Oregon.

## NEW MARRIAGE LAW.

### Provisions Necessary to be Considered by Contracting Parties.

The law regulating marriages, passed by the last Legislature, went into effect Thursday. County Clerk Schaberg says he will hereafter require both parties to be present before a license can be issued. The act passed by the last Legislature is amendatory of Section 69 of the Civil Code and provides:

Section 69. All persons about to be joined in marriage must first obtain a license therefor from the county clerk of the county in which the marriage is to be celebrated, and must upon oath qualify and show as follows: 1. The identity of the parties. 2. Their real and full names and places of residence. 3. Their ages.

And the act further provides—

4. No license must be granted when either of the parties applicants therefor is an imbecile or insane, or who at the time of making application for said license is under the influence of any intoxicating liquor or narcotic drug.

5. No license must be issued authorizing the marriage of a white person with a negro, mulatto, or mongolian.

6. If the male is under the age of 21, or the female under the age of 18 years, the consent of the father, mother or guardian, if such consent is given; or that such non-age person has been previously, but is not at the time married.

If the male is under the age of 21, or the female under the age of 18 years, and such person has not been previously married, no license must be issued by the clerk unless the consent in writing of the parents of the person under age, or one of such parents, or his or her guardian is presented to him duly verified by such parents or parent or guardian; and such consent must be filed by the clerk and he must state such facts in the license. For the purpose of ascertaining all the facts mentioned and described in this section, the clerk must at the time the license is applied for examine the parties to whom the license is to be issued under oath and reduce such examination to writing to be by them subscribed.

# MENLO PARK OCCURRENCES

## Paragraphs, Personal and Otherwise, From the Village of Beautiful Homes.

### Miss Martha Kuck Graduates with Distinguished Honors—The Picnic a Grand Success.

A baby girl was born to Mr. and Mrs. Jarvis Murray Wednesday.

Mr. and Mrs. Pringle and maid, Miss Frances Moore and Mr. Breze, have been guests at the Oak Grove Villa during the week.

The socials given every Tuesday evening by the League of the Cross Cadets in the armory are well attended by the young people.

Supervisor MacBain and wife have taken apartments at the Oak Grove Villa until the completion of their beautiful new home now under construction.

Attorney Pringle of San Francisco has moved into the MacBain building. Mr. Pringle is an automobile enthusiast and has two of the finest auto cars in town.

Judge Fritz Zab, who was recently married in San Francisco, has moved to town. The Judge has a host of friends who wish him all happiness vouchsafed married life.

Harry B. Morey has been awarded the contract to put in the concrete foundation for the new Catholic church at Mountain View. The stipulated price of his contract is $1600.

Miss Marie Odegard, one of the bright students of Hopkins art school, is spending a week with her friend Miss Martha Kuck preparatory to leaving for her home in Seattle.

Dr. and Mrs. Sharp, children and maid, have taken apartments at the Oak Grove Villa for the summer months. While here they will build a beautiful residence at Menlo Heights.

Miss Grace Hawley, a former Menlo schoolgirl but now residing at Centreville, spent last week with her friend Miss Ethel McEvoy. Miss Hawley has grown to be a handsome young woman with a charming manner and winsome ways. She came to be present at the picnic.

Miss Martha Kuck graduated last Friday with distinguished honors from the Hopkins art school of San Francisco. The young lady was honorably mentioned by the president of the institution for her excellent work. She is an artist of rare ability and taste. Miss Kuck is the youngest daughter of Mr. and Mrs. M. Kuck of the Menlo Park hotel and a graduate of Sequoia high school. Miss Kuck took one year of art work at Stanford and has been at the Hopkins Institute, which is connected with the University of California, for three years. Miss Kuck was one of the three members of the graduating class to receive a certificate to teach.

Nigger and Sport, two fox-terrier dogs, saved thre-year-old Freddie Mills of Palo Alto from a sudden death by drowning in San Francisquito creek Tuesday—Nigger by dashing up to the drowning boy's home and attracting the attention of the lad's parents by his whines, and Sport by following the floating body down the creek bank and keeping it located until the boy's father, F. R. Mills, arrived and rescued the child. The limp little body was carried to its home by the father and H. R. Jameson, a carpenter, who was working close by, and with Dr. Black the men worked over the child for two hours before consciousness was restored. At present the boy is improving rapidly, and he will recover. Mr. Mills is the well-known nurseryman, who was awarded several prizes at the recent flower show.

At a pink tea given at the home of Mr. and Mrs. Richard Stevenson at Fair Oaks last Tuesday the engagement of Miss Emilie Stevenson to Franklin Fogg, the son of Judge Fogg of Tacoma, Washington, was announced. The bride-to-be is a charming young woman, highly accomplished, and the possessor of a pleasing personality that makes friends with all whom she meets. The marriage day of Miss Stevenson and Mr. Fogg has not yet been named, but it is known that the nuptials will be celebrated in June, and a charmingly pretty country wedding theirs will be. Their acquaintance is of long standing and their courtship began at college when both were attending Stanford University. Miss Stevenson was a member of the Epsilon Chi fraternity, and Mr. Fogg belonged to the Sigma Nu fraternity. Both were graduated in the class of '01.

As predicted the big parish picnic at Sunset Park last Saturday was a glowing success in every way and far beyond the expectations of those in charge. A large delegation from San Francisco, many of whom were former residents of this county, mingled in the throng, meeting friends of former years. The picnic was a grand reonion for young and old. It was a perfect day and the park presented a neat appearance. San Mateo sent a large contingent headed by Dick Jury who did not forget the band at the grounds. Belmont was in evidence with a large crowd. Mrs. W. A. Emmett who had charge of the sale of tickets did well and a coach was filled at that place. As usual Redwood City did her part in sending a large number. There were more from there, except Menlo Park, than any other place. M. Goldsmith, Judge Imporsani, Dr. Barret, L. B. Thomas, William Plump, did their share in making the outing a success socially. Large delegations were also present from Palo Alto, Portala, Woodside, Mayfield, Mountain View, Santa Clara. Everything at the grounds went off without a hitch. The best feature of the day was the dancing of the Irish reel by F. P. Roach and Harry B. Morey to the music of McCarthy's bagpipes. It is needless to say they won the prize a five-spot each. The greased pig was caught by Sam Brown. There was a larger attendance this year than last. It is estimated that there were between a thousand and twelve hundred people present. The committee will realize about a neat sum. A meeting of all the committees was held Tuesday evening and after the business was completed a banquet was given the members by Father Lyons who in eloquent words expressed his thanks to those who work so hard for the success of the picnic. He also felt grateful to the press of the peninsula for the assistance it had rendered. The following are those who donated prizes:

## TRY-OUT FOR HONORS.

### The High-School Inter-Class Field Meet Proves Very Interesting.

Last Friday two teams from Sequoia held their field day. The seniors and sophomores contested against the juniors and freshmen. During the afternoon there were eight events—the hundred, two hundred and twenty, and the four hundred and forty yard dashes; the eight hundred and eighty yard, and the mile relay, as well as the broad and high jump.

The first event was the hundred-yard dash, the winner making it in about eleven seconds. George Hall made first place, Tom Stafford second and C. Stutz third.

The two-twenty was the second event. This was one of the closest and hardest races of the day, Theodore Clack being the victor, Roy Peterson second, and last but not least Westley Boulware, who claimed to be saving his strength for the relay.

The third event was the four-forty. In this race three juniors took the places, winning over two seniors and one sophomore. In this race Theodore Clack was again the winner. Westley Boulware took second place this time, Merwin Carson third.

Now the crowd on the bleachers were tired of running, and the pleasing athletes from noble Sequoia satisfied them by changing the program into the high and broad jump. In the high jump Tom Stafford won first place, Marvin Carson second, and our famous debater George Hall third, for the seniors and sophs.

Our sixth event was the broad jump. In this Tom Stafford succeeded in making himself famous by jumping nineteen feet. Merwin Carson, being a hot sport, had to win a place, so to please his nature the valliant young man triumphed over the soph Roy Peterson, who succeeded in gaining third place.

The seventh event was the eight-eighty. This was the hardest race of the day—one for endurance more than for speed. At last a senior was successful in gaining a race. Our worthy debater again made first place, Westley Boulware second, Merwin Carson third.

The last event was a mile relay. Those on the junior side were Carson, Stafford Boulware and Clack. Hugh Burns acted as substitute for one of the contestants. Those of the senior were Hall, Thompson, Peterson and Hillman. Prof. Hennings substituted for the seniors. The relay was won by the juniors, which capped the climax and was only ahother proof that whatever the '06 class enters is a success.

The juniors and freshmen won by a plurality of 12 points, the score being 38 to 16 in their favor. The field for Sequoia has a very pleasant look and if things continue to improve it is hoped that Sequoia will next year enter the League. Among the freshmen we have some fine men. Philip Fox of Redwood City and John Cronquist of Belmont both showed themselves athletes in several races. F. S. Rossiter showed himself quite a runner. Some of the folks are wondering where he received his training.

## MISS FRISKY FROM FRESNO.

### Will Be Played at Redwood City, Saturday, May 20th.

Direct from New York City comes "Miss Frisky from Fresno", a two-act musical comedy, and one of the best productions ever staged by Weber & Fields.

Manager Weber has made arrangements to open in San Francisco an amusement resort identical with Weber's Music Hall in New York City, where he will present his famous Company of singers and players that have for so long delighted New York audiences.

Owing to the fact that the contractors and decorators are unable to turn over Mr. Weber's playhouse to him in time, for his opening date the company consisting of thirty-five people together with an orchestra of twelve pieces will appear for one night, Saturday, May 20 at the Alhambra Theater.

It is seldom that an opportunity of this character is offered to theatergoers and there is no doubt but that "Miss Frisky of Fresno" will meet with as warm a reception as was accorded her on the Eastern Coast.

The musical numbers are exceedingly above the average and Mr. Weber declares that this chorus is the strongest, the prettiest, and the best trained lot of show girls that has ever appeared outside of New York City.

To those who have hungered for something new in the amusement line "Miss Frisky from Fresno" will prove a sufficient repast.

A woman who isn't curious is a curiosity.

Beware of the man who has a mania for telling hard luck stories.

# COUNTY BOARD IN SESSION

## Official Business Transacted by the Supervisors at Last Meeting.

### Several Petitions Were Presented to the Board But No Action Was Taken on Them.

The Board of Supervisors met in regular session Monday. Chariman J. H. Coleman, who with his wife is traveling in the southern part of the State, was absent, as was Supervisor McCracken, who left for the East some time ago.

On motion of Debenedetti, seconded by Eikerenkotter, Supervisor McBain was elected chairman pro tem.

Lena Caldwell presented the following petition asking permission to lay a sewer across the county road at Belmont and leading to the wharf-landing on Belmont creek:

To the honorable Board of Supervisors of the County of San Mateo—Gentlemen: I hereby ask permission of your honorable board for leave to excavate across the county road leading from Belmont to the wharf-landing on Belmont creek, for the purpose of laying a sewer to connect the Belmont Hotel property with what is known as Reid's sewer.

Lena Caldwell.

Dated May 4, 1905.

At the suggestion of Eikerenkotter the petition was laid over for two weeks to give Mr. Coleman an opportunity to investigate it.

E. Brandon, representing the Golden State Athletic Association, presented the following petition for a permit for a renewal of their license to hold boxing exhibitions at their pavilion at Colma:

To the honorable Board of Supervisors of the County of San Mateo—Gentlemen: The undersigned, Golden State Athletic Association, a domestic, incorporated athletic association, hereby makes application for a permit for a renewal of their license to hold boxing exhibitions at their pavilion, in Colma, heretofore constructed and used by them for such purpose; said permit is hereby applied for, and said license when granted and issued, shall be accepted subject to all the provisions of Ordinance No. 189, of said county.

E. Brandon,.

Secretary of said Association.

Eikerenkotter moved that the prayer of petitioners be denied and the motion was seconded by Chairman MacBain.

Debenedetti suggested that it be laid over until next meeting, when a full board would be present. The chairman made that order.

The following report of the Tax Collector was read and ordered filed:

Redwood City, May 15, 1905.

To the honorable, the Board of Supervisors of the County of San Mateo, State of California—Gentlemen: I have collected for taxes since my last settlement as follows:

| | |
|---|---|
| State and County tax | $2,452 87 |
| Redwood City tax | 250 10 |
| Redwood City Annex tax | 5 10 |
| Delinquency on same | 340 80 |
| Paid same to County Treasurer | $3,048 87 |

Respectfully submitted.

Frank M. Granger,
Tax Collector.

This being the time and place for opening bids for publishing the delinquent tax list, the clerk, H. W. Schaberg, read the affidavit of R. H. Jury showing that due and legal notice had been given all the publishers.

The contract for publishing the delinquent tax list next came up. The Half-moon Bay Review presented the lowest bid, but owing to the fact that the law requires a newspaper shall be at least a year old before it is considered a legal publication the board could not consider the tender. The contract was then awarded to the Redwood City Democrat, the next lowest bidder. This was on motion of Eikerenkotter, seconded by Debenedetti.

Some months ago it was agreed that all matters pertaining to the cemeteries in the north end should go over until May 15th, when they would be taken up and decided. Charles L. Patton, who represents the Masonic Cemetery, requested that all these matters go over until June 19th, and this order was made by the chairman.

Debenedetti brought up the matter of installing an internal telephone system in the new courthouse. He said that the building was so far advanced that work on the system ought to be commenced. After considerable discussion the clerk was instructed, on motion of Debenedetti seconded by Eikerenkotter, to notify the contractor and the Automatic Telephone Company to appear at the next meeting of the board with plans, specifications and prices, etc.

No further business appearing, the board adjourned to Monday morning, June 5th, at 10 o'clock.

### Married at Palo Alto.

Joseph Phillips of Halfmoon Bay and and Miss Mary E. Seimas of Palo Alto were married at St. Thomas church at the latter place Sunday afternoon. The bride and groom were attended by Frank Phillips, brother of the groom, and Miss Marian Seimas, a sister of the bride. Rev. Bernard McKinnon officiated. The bride is the daughter of Manuel Seimas, one of the wealthiest and most influential members of the Portuguese colony located at Palo Alto. The groom is a merchant of Halfmoon Bay.

### The Gas Main Completed.

The gas main from this city to Palo Alto has been completed and connections made with the mains laid at the latter place. A large reservoir tank to hold about 5000 cubic feet of gas has been installed to guarantee the consumers of Palo Alto a constant supply of fuel should the engine at the Redwood plant have to be shut down for any cause.

Be sure of a man's ability as a fighter before asking him to apologize.

**The Song of the Cradle.**

Rock-bye! Hope rises high;
There's a sweet little cradle hung up in the sky;
A dear little life that is coming to bless;
Two soft chubby hands that will pet and caress;
A mute little soul winging down from above;
A darling to care for, a baby to love.

One of the grandest agencies which enlightened Science has discovered to relieve motherhood from excessive suffering is the "Favorite Prescription" devised by Dr. R. V. Pierce, chief consulting physician of the Invalids' Hotel and Surgical Institute, of Buffalo, N. Y.

This wonderful "Prescription" imbues the entire nervous system with natural, healthy vitality; gives elastic vigor to the delicate organism specially concerned in motherhood, and makes the coming of baby entirely free from danger and almost free from pain.

"I wish to state that I have used Doctor Pierce's Favorite Prescription with very good results," writes Mrs. Katie M. Annis, of Hudson, New Hampshire. "Had been in poor health for over four years and had been twice in the hospital. My husband brought some of your 'Favorite Prescription,' and it has carried me easily through my last two confinements. We are now blessed with two healthy children, and I am sure your medicine has done me more good than all the other treatment I have ever received."

**BAD HEADACHES** generally arise from bad stomachs. Foul breath, bitter taste, coated tongue, sour eructations or belching of gas, are common symptoms though not all present in every case. To cure, take small doses, only one or two each day, of old Dr. Pierce's Pleasant Pellets, the **Original Little Liver Pills**, first put up by him over 40 years ago. One or two a laxative, three or four cathartic.

## FIRST MAP OF THE SKY.

**It Was Made 1,420 Years Before the Christian Era.**

At a very early period in the history of astronomy it was felt that the stars should be divided into distinct groups or constellations. This important task has engaged the attention of astronomers from remote times and has only been brought to its present perfection by a long series of intellectual efforts.

According to Clement of Alexandria, it was Chiron, believed to be the maker of the first celestial globe, who, 1,420 years before the Christian era, divided the starry heavens into constellations and so mapped out the sky. Newton upheld this opinion, which is further corroborated in the book of Job, where allusion is made to Orion, the Pleiades, and the Hyades, a proof that at a very early period there had been a grouping of the stars.

Heslod in his "Works and Days," written 2,700 years ago, also refers to several of the constellations as though their names were familiar to his readers.

THE body gets its life from food properly digested. Healthy digestion means pure blood to the body, but stomach troubles cause disorders in the entire system. Improperly digested food sours on the stomach, causing distressing belching and nausea. When over-eating is persisted in the stomach becomes weakened, and worn out and dyspepsia claims the victim.

Thedford's Black-Draught cures dyspepsia. It frees the stomach and bowels of congested matter and gives the stomach new life. The stomach is quickly invigorated and the natural stimulation results in a good appetite, with the power to thoroughly digest food.

You can build up your stomach with this mild and natural remedy. Get Thedford's Black-Draught of your dealer for [illegible] You can buy a package from your dealer for 25c. If he doesn't keep it, send the money to The Chattanooga Medicine Co., Chattanooga, Tenn., and a package will be mailed you.
